# 1. EXECUTIVE SUMMARY

## Company Overview

**Strata Noble Consulting** is a digital infrastructure studio that builds and operates revenue-producing systems for service businesses and early-stage ventures. We transform fragmented, manual business operations into cohesive, measurable digital operating systems that capture demand, convert leads, and retain customers.

| Attribute | Detail |
|---|---|
| **Legal Entity** | Strata Noble Consulting LLC |
| **Founder/CEO** | Stephen Hubbard (Sole Member) |
| **Headquarters** | Las Vegas, Nevada |
| **Founded** | 2026 |
| **Business Model** | Service Delivery + Recurring Retainers |
| **Stage** | Pre-Seed / Grant-Seeking |

## The Problem

Small service businesses lose an estimated **20-40% of potential revenue** through operational inefficiencies:

- Missed calls and form submissions (average response time: 47 hours)

- Disconnected tool stacks that don't function as integrated systems
- No visibility into marketing ROI or conversion metrics
- Manual processes that break under real business volume

### The Solution

Strata Noble delivers **production-ready digital infrastructure**—not prototypes—that functions as an integrated operating system:

- Lead capture and routing with sub-5-minute response automation
- Intake-to-payment workflow optimization
- Review and retention engine deployment
- Real-time conversion tracking and reporting

### Investment Thesis

| Metric | Current | 12-Month Target |
|---|---|---|
| Monthly Revenue | $0 (Pre-launch) | $20,000-$40,000 |
| Active Retainers | 0 | 6-10 |
| Gross Margin | N/A | 50-65% |
| Customer LTV | N/A | $8,000-$15,000 |
| CAC | N/A | $300-$600 |

### Funding Request

**Seeking:** $10,000 - $25,000 (Grant/Seed Funding)

**Use of Funds:**

- Formation & Compliance: 25%
- Financial Operations: 20%
- Production Tool Stack: 30%
- Customer Acquisition: 25%

# 2. PROBLEM & MARKET OPPORTUNITY

### The Pain Point

Local service businesses generate demand through word-of-mouth, social media, and local search—but **systematically fail to convert that demand into revenue** due to operational gaps:

#### Primary Pain Points

| Pain Point | Impact | Frequency |
|---|---|---|
| **Slow Response Time** | 78% of leads go to first responder | Universal |
| **Broken Booking Flows** | 30-50% abandonment rate | Very Common |

| | | |
|---|---|---|
| **Disconnected Tools** | Data silos, manual re-entry | Universal |
| **No Conversion Visibility** | Can't optimize what isn't measured | Very Common |
| **Inconsistent Follow-up** | Lost repeat business potential | Common |

### The Tool Stack Problem

Small businesses attempt to solve these problems with disconnected DIY solutions:

```
TYPICAL BROKEN STACK:
├── Website: Wix / Squarespace / WordPress template
├── "Homepage": Instagram / Facebook / TikTok
├── Lead Tracking: Spreadsheets / Notes / Memory
├── Communication: DMs / Texts / Email (scattered)
├── Payments: Zelle / Cash App / PayPal / Stripe links
├── Scheduling: Calendly / Acuity / Shared calendar
├── CRM: HubSpot Free / GoHighLevel (unconfigured)
└── Result: Tools exist but don't function as a SYSTEM
```

**The Result:** Leads fall through cracks, follow-up is inconsistent, delivery is harder than necessary, and growth stalls.

## Market Sizing

### Total Addressable Market (TAM)

**U.S. Small Service Business Market**

| Segment | Business Count | Avg Annual Spend on Digital Services | TAM |
|---|---|---|---|
| Home Services | 1,200,000 | $5,000 | $6.0B |

| Year 3 | 200-400 | $6,500 | $1.3M-$2.6M |

## Market Dynamics & Timing

### Why Now?

1. **Consumer Behavior Shift:** 97% of consumers search online for local services; 76% visit within 24 hours of search
2. **Speed-to-Lead Critical:** Businesses that respond within 5 minutes are 100x more likely to connect with leads
3. **Tool Fatigue:** Market saturated with point solutions; demand growing for integrated systems
4. **AI/Automation Accessibility:** Cost of automation tools has decreased 60% since 2020
5. **Post-Pandemic Digital Adoption:** Permanent shift to digital-first customer expectations

### Market Trends

| Trend | Direction | Strata Noble Alignment |
|---|---|---|
| Speed-to-lead emphasis | ↑ Accelerating | Core competency |
| DIY tool consolidation | ↑ Growing | Our value proposition |
| Local SEO importance | ↑ Critical | Service offering |
| Review-driven purchasing | ↑ Dominant | Review engine included |
| Automation adoption | ↑ Mainstream | Foundation of delivery |

# 3. SOLUTION & VALUE PROPOSITION

## Core Philosophy

> ***"We don't treat this as a website problem. We treat it as an operating system problem."***

Strata Noble maps the **real revenue flow end-to-end**—lead capture, intake, scheduling, delivery, payment, follow-up, retention—and builds digital infrastructure that supports that flow with minimal moving parts.

# 6. GO-TO-MARKET STRATEGY

# Market Entry: Land & Expand

## Phase 1: Beachhead (Months 1-3)

**Geographic Focus:** Las Vegas Metro Area

**Target Segments (Priority Order):**

| Rank | Segment | Pain Severity | Ability to Pay | Competition |
|---|---|---|---|---|
| 1 | Home Services (HVAC, plumbing) | High | High | Medium |
| 2 | Personal Care (barber, salon) | High | Medium | Low |
| 3 | Professional Services (legal) | Medium | High | High |
| 4 | Health/Wellness | Medium | Medium | Medium |

**Ideal Customer Profile (ICP):**

- Solo provider or team of 2-5
- Already has demand (word-of-mouth, social following)
- Lacks systems to capture and convert
- Building nights/weekends while employed full-time
- Values outcomes over features
- Decision-maker is owner/operator

## Phase 2: Validation (Months 4-6)

**Objectives:**

- Achieve 10+ paid engagements
- Convert 30%+ to retainers
- Generate 3+ case studies with measurable results
- Establish 5+ referral partnerships

**Metrics:**

| KPI | Target |
|---|---|
| Monthly revenue | $10,000-$15,000 |
| Active retainers | 4-6 |
| Case studies | 3-5 |
| Referral partners | 5-8 |

## Phase 3: Scale (Months 7-12)

**Geographic Expansion:** Remote U.S. delivery

**Channel Mix Evolution:**

| Channel | Phase 1 | Phase 2 | Phase 3 |
|---|---|---|---|

| | | | |
|---|---|---|---|
| Direct Outreach | 60% | 40% | 25% |
| Referral/Partner | 20% | 35% | 40% |
| Content/Inbound | 20% | 25% | 35% |

## Acquisition Channels

### 1. Direct Outreach (Primary - Early Stage)

**Approach:**

- Targeted list building: local service businesses with visible lead leaks
- Personalized audit-based outreach
- LinkedIn + email sequences
- Local networking events

**Target:** 50 targeted outreaches/week by Month 3

**Conversion Funnel:**

```
Outreach (100) → Response (15-20) → Discovery Call (8-12) → Proposal (5-8) → Close (2-4)
```

### 2. Referral & Partner Network

**Partner Categories:**

| Partner Type | Value Exchange | Target # |
|---|---|---|
| Web Designers | Refer operational work | 5-10 |
| Marketing Freelancers | Refer implementation | 5-10 |
| IT Providers | Refer SMB clients | 3-5 |
| Accountants/Bookkeepers | Refer service clients | 3-5 |
| Business Coaches | Refer implementation-ready clients | 2-3 |

**Referral Structure:**

- 10-15% referral fee on initial project
- Reciprocal referrals where applicable

### 3. Content Marketing

**Content Pillars:**

| Pillar | Format | Frequency | Purpose |
|---|---|---|---|
| Lead Flow Diagnostics | Blog/Video | 2x/month | Education |
| Before/After Case Studies | Case Study | 1-2x/month | Proof |
| Tool Stack Audits | Checklist/Template | 1x/month | Lead magnet |
| Quick Win Tutorials | Short Video | 4x/month | Trust building |

**Distribution:**

- LinkedIn (primary)
- YouTube (tutorial content)
- Local Facebook Groups
- Partner newsletters

### 4. Proof Assets

**Case Study Framework:**

```
BEFORE:
├── Lead response time: X hours
├── Booking conversion: Y%
├── Monthly missed calls: Z
└── Revenue visibility: None

AFTER:
├── Lead response time: <5 minutes
├── Booking conversion: Y+30%
├── Missed calls captured: 95%+
└── Revenue attribution: Complete
```

## Sales Process

### Discovery → Proposal → Close

| Stage | Activities | Timeline | Conversion |
|---|---|---|---|
| Discovery Call | Pain diagnosis, scope discussion | 30 min | 70% to proposal |
| Proposal | Custom scope, fixed price, clear deliverables | 24-48 hrs | 50% to close |
| Close | Contract, deposit, kickoff scheduling | 48-72 hrs | — |

**Sales Cycle:** 1-2 weeks (average)

# 7. COMPETITIVE LANDSCAPE & DEFENSIBILITY

## Competitive Analysis

### Direct Competitors

| Competitor Type | Examples | Strengths | Weaknesses | Strata Noble Advantage |
|---|---|---|---|---|
| **Web Agencies** | Local agencies, Upwork freelancers | Design capability, established | Expensive, not operational | Outcome-focused, integrated |
| **DIY Platforms** | Wix, Squarespace, GoDaddy | Low cost, accessible | No integration, no strategy | Full operating system |

| | | | | |
|---|---|---|---|---|
| **Marketing Agencies** | Digital marketing shops | Traffic generation | No implementation | Implementation-first |
| **All-in-One Tools** | GoHighLevel, HubSpot | Feature-rich | Complex, requires expertise | Done-for-you, turnkey |
| **Business Coaches** | Consultants, coaches | Strategy, motivation | No implementation | Ship results, not advice |

### Competitive Positioning Matrix

```
                    HIGH CUSTOMIZATION
                           │
        Agencies           │       Strata Noble
        (expensive)        │       (outcome-focused)
                           │
LOW OUTCOMES ──────────────┼──────────────── HIGH OUTCOMES
                           │
        DIY Platforms      │       All-in-One Tools
        (cheap, fragmented)│       (complex, requires expertise)
                           │
                    LOW CUSTOMIZATION
```

## Defensibility & Moat

### Current Moats

| Moat Type | Description | Strength |
|---|---|---|
| **Founder Expertise** | Operator-led with deep operational diagnosis skills | Medium |
| **Implementation Speed** | 48-hour and 21-day delivery frameworks | Medium |
| **Outcome Focus** | Revenue flow, not dashboards | Medium |
| **Low Overhead** | Lean structure enables competitive pricing | Low-Medium |

### Moat Development Roadmap

| Timeline | Moat Investment | Expected Strength |
|---|---|---|
| Year 1 | Productized frameworks, case studies | Medium |
| Year 2 | Proprietary templates, partner network | Medium-High |
| Year 3 | Data/benchmarks from client base | High |
| Year 5 | Productized tools, network effects | High |

### Why Competitors Can't Easily Replicate

1. **Agencies** won't downmarket to small service businesses (unprofitable for their model)
2. **DIY platforms** can't provide implementation and ongoing optimization
3. **Marketing agencies** lack operational implementation capability

4. **All-in-one tools** require expertise customers don't have
5. **Business coaches** don't ship production infrastructure

---

# 8. TEAM & ORGANIZATIONAL STRUCTURE

## Founder Profile

### Stephen Hubbard — Founder & CEO

**Background:** Operations, data discipline, and system design with execution under constraints.

**Core Competencies:**

| Skill | Application to Strata Noble |
|---|---|
| **Operational Diagnosis** | Spots hidden bottlenecks others normalize |
| **System Design** | Translates chaos into workflows and standards |
| **Data Discipline** | Thinks in evidence, not vibes; decision-ready information |
| **Execution Under Constraints** | Ships results with limited time and budget |
| **Documentation** | Creates artifacts that survive and scale |
| **Build Capability** | Delivers production digital assets, not prototypes |

**Relevant Experience:**

- Paid production build: DataSolutionsLV.com
- Active platform partnership: Direct Cuts (web and mobile app)
- Upcoming affiliate buildouts connecting brands to aligned businesses

## Organizational Model

### Current Structure (Pre-Funding)

```
STRATA NOBLE — LEAN OPERATOR MODEL
│
└── Stephen Hubbard (Founder)
    ├── Strategy & Sales
    ├── Client Delivery
    ├── Operations
    └── Contractor Coordination
```

### Post-Funding Structure (6-12 Months)

```
STRATA NOBLE — SCALED OPERATOR MODEL
│
├── Stephen Hubbard (Founder/CEO)
│   ├── Strategy
│   ├── Sales & Partnerships
```

```
│   └── Quality Assurance
│

    ├── Engineering (Project-based)
    ├── Legal (As needed)
    ├── Finance/Bookkeeping (Monthly)
    └── Automation/Integration (Project-based)
```

### Specialist Bench Model

**Philosophy:** Project-based partners brought in for specific needs, not random subcontracting.

| Role | Engagement Type | Purpose |
|---|---|---|
| Designer | Per-project | UI/UX for complex builds |
| Developer | Per-project | Custom integrations |
| Legal | As-needed | Contracts, compliance |
| Bookkeeper | Monthly | Financial operations |
| Automation Specialist | Per-project | Complex workflow builds |

**Benefits:**

- Quality remains high
- Timelines stay realistic
- Costs align with actual delivery needs
- Clients always know who owns each deliverable

### Advisory Needs (Future)

| Advisor Type | Purpose | Timeline |
|---|---|---|
| Marketing/Growth | Scale customer acquisition | 6-12 months |
| Finance | Prepare for larger funding | 12-18 months |
| Legal | Structure for growth | 12-18 months |

# 13. SOCIAL IMPACT & GRANT ALIGNMENT

## Mission Alignment

> ***Mission:*** *Strata Noble equips under-resourced entrepreneurs and small service businesses with revenue-producing digital infrastructure and practical operating systems that turn effort into measurable progress, credible presence, and sustainable income.*

## Social Impact Thesis

### Who We Serve

Strata Noble specifically targets **under-resourced entrepreneurs**:

| Characteristic | Description |
|---|---|
| **Building on margins** | Working full-time job while building business nights/weekends |
| **Capital constrained** | Cannot afford enterprise solutions or agency retainers |
| **Skill-rich, system-poor** | Have real expertise but lack operational infrastructure |
| **Underserved by market** | Too small for agencies, too complex for DIY |
| **Community-rooted** | Local service providers embedded in their communities |

### Impact Model

```
INPUT                TRANSFORMATION              OUTCOME
─────                ──────────────              ───────
```

```
Grant Funding     →      Strata Noble Capacity    →    Client Infrastructure

$10-25K                  Formation + Tools             Systems that work
                         Acquisition Engine            Revenue captured
                         Delivery Capability           Time reclaimed
                                                       Wealth built
```

## Measurable Impact Outcomes
