

Developer Compensation - Data Room Tables

Direct Cuts Platform Development

Document Type: Data Room Financial Analysis **Date:** January 2026 **Classification:** Confidential - Investor Documentation

Table 1: Hours Breakdown by Category

1.1 Billed Hours by Development Phase

Phase	Category	Hours	Rate	Amount	Deliverables
1	Core Architecture	20	\$75	\$1,500	Database schema, auth, API foundation
2	Payment Integration	15	\$75	\$1,125	Stripe Connect, subscriptions
3	Booking System	20	\$75	\$1,500	Real-time scheduling, availability
4	Mobile Parity	15	\$75	\$1,125	Responsive UI, mobile optimization
5	Launch Prep	10	\$75	\$750	Testing, deployment, documentation
Total		80		\$6,000	

1.2 Estimated Actual Hours by Task Type

Task Category	Billed	Est. Actual	Variance	Notes
Architecture & Planning	8	20	+150%	System design, schema planning
Database Development	10	30	+200%	60 migrations, RLS policies
Authentication	6	15	+150%	Multi-method auth flows
API Development	12	30	+150%	80+ endpoints
Payment Integration	10	30	+200%	Stripe Connect complexity
UI Components	15	40	+167%	150+ components
Booking Logic	8	25	+213%	Complex availability engine
Real-time Features	5	15	+200%	WebSocket, subscriptions
Mobile Optimization	6	15	+150%	Responsive design
Testing	5	15	+200%	Unit, integration tests
Documentation	5	10	+100%	Code docs, API docs
Total	80	215	+169%	

1.3 Hours Analysis Summary

Metric	Value
Billed Hours	80
Estimated Actual (Conservative)	150
Estimated Actual (Moderate)	200
Estimated Actual (Full Scope)	250
Billing Efficiency Ratio	32-53%
Unbilled Hours (Est.)	70-170

Table 2: Rate Comparison Analysis

2.1 Market Rate Benchmarks - Senior Full-Stack Developer

Source	Low	Median	High	Data Date
Toptal	\$150	\$180	\$250	Q4 2025
Arc.dev	\$125	\$150	\$200	Q4 2025
Gun.io	\$150	\$200	\$300	Q4 2025
Upwork Expert-Vetted	\$100	\$135	\$175	Q4 2025
Agency (US)	\$200	\$275	\$400	Q4 2025
Average	\$145	\$188	\$265	

2.2 Contracted Rate Comparison

Comparison Basis	Market Rate	Contracted	Discount
vs. Market Low	\$145/hr	\$75/hr	48%
vs. Market Median	\$188/hr	\$75/hr	60%
vs. Market High	\$265/hr	\$75/hr	72%
vs. Agency Median	\$275/hr	\$75/hr	73%

2.3 Specialized Skills Premium Analysis

Skill	Market Premium	Justification
Stripe Connect Expert	+25%	Complex multi-party payment flows
Real-time Systems	+20%	WebSocket, event-driven architecture
TypeScript Senior	+15%	Type-safe full-stack development
Supabase Expert	+15%	PostgreSQL + Auth + Edge Functions

Mobile-First Design	+10%	Responsive, PWA-ready
Cumulative Premium	+85%	

2.4 Effective Rate Analysis

Scenario	Hours	Payment	Effective Rate	vs. Market Median
As Billed	80	\$6,000	\$75.00/hr	60% discount
Conservative	150	\$6,000	\$40.00/hr	79% discount
Moderate	200	\$6,000	\$30.00/hr	84% discount
Full Scope	250	\$6,000	\$24.00/hr	87% discount

Table 3: Deliverables Inventory

3.1 Code Metrics

Metric	Value	Industry Benchmark	Assessment
Total Lines of Code	45,000+	-	Substantial
Lines per Billed Hour	562	50-100 typical	5-10x efficiency
React Components	150+	-	Full UI library
API Endpoints	80+	-	Complete API
Database Migrations	60	-	Mature schema
Test Files	45+	-	Good coverage
Test Coverage	75%+	60-80% typical	Above average

3.2 Feature Inventory - Core Platform

Feature	Status	Complexity	Est. Hours (Market)	Est. Cost (Market)
Email/Password Auth	Complete	Medium	8-12	\$1,400-2,100
Phone/OTP Auth	Complete	High	12-16	\$2,100-2,800
Role-Based Access	Complete	High	16-24	\$2,800-4,200
User Profile Management	Complete	Medium	8-12	\$1,400-2,100
Barber Onboarding	Complete	Medium	12-16	\$2,100-2,800
Service Catalog	Complete	Medium	8-12	\$1,400-2,100
Portfolio/Gallery	Complete	Medium	8-12	\$1,400-2,100
Subtotal			72-104	\$12,600-18,200

3.3 Feature Inventory - Booking System

Feature	Status	Complexity	Est. Hours (Market)	Est. Cost (Market)
Availability Engine	Complete	Very High	24-32	\$4,200-5,600
Multi-Service Booking	Complete	High	16-20	\$2,800-3,500
Booking Modifications	Complete	High	12-16	\$2,100-2,800
Cancellation Handling	Complete	Medium	8-12	\$1,400-2,100
Calendar View	Complete	Medium	12-16	\$2,100-2,800
Waitlist Management	Complete	Medium	8-12	\$1,400-2,100
Subtotal			80-108	\$14,000-18,900

3.4 Feature Inventory - Payment System

Feature	Status	Complexity	Est. Hours (Market)	Est. Cost (Market)
Stripe Connect Setup	Complete	Very High	24-32	\$4,200-5,600
Subscription Management	Complete	High	16-24	\$2,800-4,200
Payment Processing	Complete	High	12-16	\$2,100-2,800
Platform Fee Split	Complete	High	12-16	\$2,100-2,800
Refund Handling	Complete	Medium	8-12	\$1,400-2,100
Financial Reporting	Complete	Medium	12-16	\$2,100-2,800
Subtotal			84-116	\$14,700-20,300

3.5 Feature Inventory - Real-Time & Infrastructure

Feature	Status	Complexity	Est. Hours (Market)	Est. Cost (Market)
Real-Time Updates	Complete	High	16-24	\$2,800-4,200
Push Notifications	Complete	High	12-16	\$2,100-2,800
Email Notifications	Complete	Medium	8-12	\$1,400-2,100
Error Handling	Complete	Medium	8-12	\$1,400-2,100
CI/CD Pipeline	Complete	Medium	8-12	\$1,400-2,100
Subtotal			52-76	\$9,100-13,300

3.6 Deliverables Summary

Category	Est. Market Hours	Est. Market Cost
----------	-------------------	------------------

Core Platform	72-104	\$12,600-18,200
Booking System	80-108	\$14,000-18,900
Payment System	84-116	\$14,700-20,300
Real-Time & Infra	52-76	\$9,100-13,300
Total	288-404	\$50,400-70,700

Table 4: Cost Savings Analysis

4.1 Alternative Scenario Comparison

Scenario	Description	Est. Cost	vs. Actual	Savings
A	US Development Agency	\$66,700	\$6,000	\$60,700 (91%)
B	Senior US Contractor (Toptal)	\$38,000	\$6,000	\$32,000 (84%)
C	Mid-Level US Contractor	\$28,000	\$6,000	\$22,000 (79%)
D	Offshore Team + PM	\$25,000	\$6,000	\$19,000 (76%)

4.2 Agency Scenario Breakdown (Scenario A)

Line Item	Hours	Rate	Cost
Discovery & Requirements	20	\$250	\$5,000
UX/UI Design	40	\$200	\$8,000
Backend Development	100	\$200	\$20,000
Frontend Development	80	\$200	\$16,000
QA & Testing	30	\$150	\$4,500
Project Management	40	\$175	\$7,000
DevOps & Deployment	20	\$200	\$4,000
Contingency (10%)	-	-	\$6,200
Total	330		\$70,700

4.3 Senior Contractor Scenario Breakdown (Scenario B)

Line Item	Hours	Rate	Cost
Full-Stack Development	200	\$175	\$35,000
Code Review (External)	10	\$200	\$2,000
Documentation	10	\$100	\$1,000

Total	220		\$38,000
-------	-----	--	----------

4.4 Realized Value Summary

Metric	Value
Actual Payment	\$6,000
Conservative Market Value	\$25,000
Moderate Market Value	\$38,000
Full Market Value	\$70,000
Value Realization	4.2x - 11.7x

Table 5: IP Transfer Terms

5.1 Rights Matrix

Right	Status	Notes
Source Code Ownership	Full Transfer	All repositories
Derivative Works	Full Rights	Unrestricted
Modification Rights	Unrestricted	No approval needed
Distribution Rights	Unrestricted	Any channel
Sublicensing Rights	Full	Can license to third parties
Commercial Use	Unrestricted	Revenue generation permitted

5.2 Obligation Matrix

Obligation	Status	Impact
Ongoing Royalties	None	No future payments
Revenue Share	None	100% company retention
Attribution Requirements	None	No credit required
Audit Rights (Developer)	None	No access obligations
Non-Compete Restrictions	None	Company unrestricted
Support Obligations	None	No ongoing commitment

5.3 Warranty Summary

Warranty	Provided	Scope
Original Work	Yes	All code is developer-authored

No Infringement	Yes	No third-party IP claims
Authority to Transfer	Yes	Developer has full rights
No Encumbrances	Yes	No liens or restrictions

Table 6: Risk-Adjusted Value Analysis

6.1 Risk Factors

Risk Category	Factor	Probability	Impact	Risk Score
Financial	Payment dispute	5%	Low	0.05
Financial	Additional claims	5%	Medium	0.10
Technical	Code quality issues	10%	Medium	0.20
Technical	Security vulnerabilities	10%	High	0.30
Legal	IP ownership dispute	5%	High	0.15
Legal	Contractor classification	5%	Medium	0.10
Weighted Total				0.90

6.2 Risk-Adjusted Value

Metric	Unadjusted	Risk Factor	Adjusted
Market Value (Moderate)	\$38,000	0.90	\$34,200
Actual Cost	\$6,000	1.00	\$6,000
Net Value Created	\$32,000		\$28,200

Appendix: Data Sources

Data Point	Source	Access Date
Toptal Rates	toptal.com/developers	Jan 2026
Arc.dev Rates	arc.dev/salaries	Jan 2026
Gun.io Rates	gun.io/hiring	Jan 2026
Upwork Rates	upwork.com/hire	Jan 2026
Agency Benchmarks	Clutch.co	Jan 2026
Code Metrics	Internal Analysis	Jan 2026
